EXCITING NEWS

Big things are happening in the Parks and Recreation Department ...

Recreation Brochure

Each year the Recreation Department will produce 3 seasonal brochures (Fall, Winter, and Spring/Summer). Each brochure will include youth, adult and family programs that will be happening during those seasons. Brochures will be available to view and print from the City of West St. Paul website. They are also available and can be picked up at the West St. Paul City Hall, Ice Area, Sports Dome and the Wentworth Library. Don't forget to pick yours up!

Harmon Park

Harmon Park construction has begun and our new park will have many new features. There will be a new playground with three different age appropriate play structures. A splash pad will go in next to the playground area (almost where the outside rinks were) and will run on sensors during the summer months. We will now have 4 little league fields with a new concession stand building. A full size baseball field will be going in along with open green space which will be great for picnics. A soccer field that will be international size will go at the corner of Bernard Street and Bidwell Street behind the school. A new warming house building and a concrete hockey rink with room for a pleasure rink will also go in along Bernard Street for easy access to the parking lot. On top of all of these new features, we will also be adding a multi-purpose building. The building will be a great place to hold your next big special event.

Ice Arena Makeover

We are currently in the process of working out all of the details to give our Ice Arena a new look. We are working with the City of Mendota Heights and School District 197 as they both have shared interest in partnering with us on this project. We are currently looking at updating our refrigeration system along with many other new upgrades. We have applied for a grant through the State of MN to help with this project and are eager to hear from them. As of now, the renovations would take place in the spring and summer of 2015.

City Website

The City has a new website! You will be able to find everything that you need on our new and improved site. From the website, you will be able to find our Recreation Brochures, park reservations information, adult leagues information and stats, Sports Dome information, Ice Arena information, summer youth sports schedules, scholarship information, register for programs and so much more! Check out the new website and let us know what you think. Don't forget to add it to your favorite's list!

Rink Closing Procedures

When Public Works crews begin their snowplowing operations, their first priority is to provide safe driving conditions on the city streets. Skating rinks, while important to many, are not necessary for travel. Generally within 48 hours, all rinks will be cleared. These are guidelines and may be adjusted with a major snowfall. Warming houses in each park will be closed until both the hockey and pleasure rinks at the park are skate-able. Skaters are advised to call the **Weather Line at 651-259-2671**. This recording is updated daily with rink hours and information. Don't forget the rinks can also close if it's unsafe to be outside due to the cold or if it's too warm making the ice too soft to skate. We strongly suggest that you **call before you set out for the rinks**.
